

PKAGED Artwork Templates

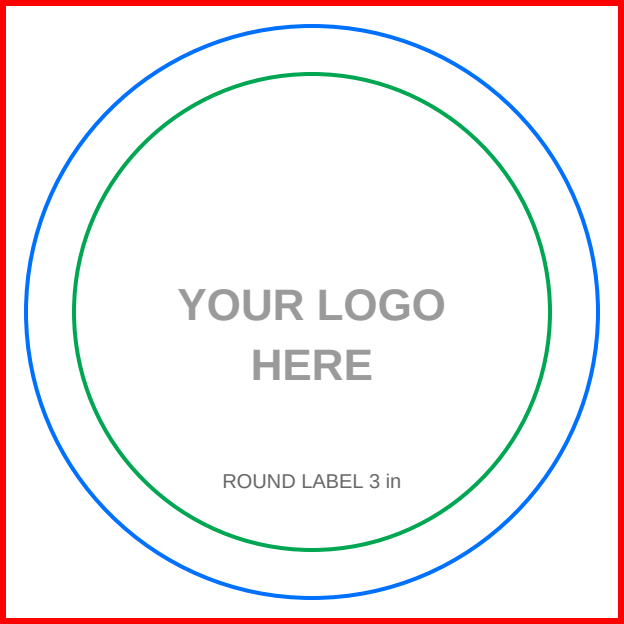

1. Pick the page for your product.
2. Put your logo and artwork inside the GREEN safe line. The BLUE line is where it gets cut. Anything that runs off the edge should reach the RED bleed edge.
3. Delete the coloured guide lines and labels.
4. Download as PDF Print and send it with your quote request at pkaged.com.

We check every file and send a free proof before anything is printed.
